

SCEDD Virtual Meeting Information Sheet

Zoom Meetings

Three ways to participate in a Zoom meeting:

1. Log on from a computer with a webcam or a smart phone: this will enable you to see and hear others and them to see and hear you. It will also allow you to see any document that may be shared. Log onto the meeting by clicking the link provided by the meeting organizer.
2. Log on from a computer without a webcam: this will enable you to see and hear others; however, they will only hear you. It will also allow you to see any document that may be shared. Log onto the meeting by clicking the link provided by the meeting organizer.
3. Call in from any phone: this will allow you to hear others and them to hear you. Join the meeting by calling the number provided and entering the meeting ID.

If you are logging on from a computer or smart phone, it is recommended that you log on prior to the meeting to allow time for downloading the Zoom application. From a smart phone, you will be able to join a meeting through a website or by downloading the Zoom app.

From your computer or smart phone, you will be able to share your video or stop sharing your video, and you will have the ability to mute yourself. This is handy if you are joining from a location with background noise.
